any damage to the listed Grafton House through flood damage as the run-off from the field would be impeded by the building. The Council also wanted to point out that the visibility from the entrance along Gayton Road must be adequate. **Clerk** to respond these 2 points to SNC. It was agreed that the conversion was in-keeping.

iii. Discussion for a proposed application for Candle Cottage, Gayton Road for 5 dwellings.

A letter had been received from Mr Kenning (present) who stated that he is acting as a Chartered Surveyor for a client who wishes to apply to build 5 'quality' dwellings and improve Candle Cottage. The letter was read to the meeting. Mr Kenning stated that this was not a pre-application but an exercise to explore the thoughts and views of the Parish Council.

The following points were raised by the Council:

- The development would be outside the Village Confines
- There is concern that development could extend along the canal towards the Blisworth Arm.
- The development would improve the site which at present is unsightly.
- Access on to the Gayton Road is a definite problem.
- Concern that the village needs affordable homes and not this development would not be affordable.
- Consideration was given to the possibility of 3 and not 5 homes on the site.

To conclude the meeting it was agreed that the Surveyor would liaise with his client and Orbit Homes who are developing the adjacent site to see if the same access road could be used to both sites for both construction AND as a permanent road.

The meeting closed at 8.25pm.
