

Parish Plan Progress Team – report January 2013-01-08

Following our success in the Best Village competition, progress has been made towards the provision of “Village of the Year” signs to be fixed to the Blisworth signs at each entry point to the village. Plans are being discussed with the relevant people at SNC.

After such a successful year for so many village organisations a celebration will hopefully be held in conjunction with the Annual Parish Assembly in April. We have written to the Parish Council to suggest this.

Many of the trees awarded by the Wildlife Trust have been planted temporarily in land kindly offered by Colin Wakelin. A good response has been received from the Blisworth Gardening Group to help with planting them when their final destinations are decided during the next few weeks. Suggestions are still being requested for the position of the Jubilee Oak.

We hope there will be news of progress on the village sign in the near future.
