

Works in your area

I am writing to let you know that we are planning to carry out work in your local area.

Where are we working?

We will be undertaking work on Stoke Road, Blisworth.

What is happening?

Further to our previous update from October 2022, the designed solution has been reviewed and we are now liaising with the Canal and River Trust, as we will be working on their land. We weren't able to enter into dialogue with the Canal and River Trust until we had a finalised design.

In addition, we will be working within a conservation area, so we must comply with WNC planning requirements. Once these approvals have been granted, we can carry out the works, which will operate under a road closure, utilising the diversion route in place for the current weight restriction. The current condition of the carriageway surfacing has been inspected and has not changed significantly since the last inspection.

Please be assured we will keep you updated when we have more information

Kind regards,

Yvonne Pogson
Customer Excellence Manager
